# WHO WE ARE?

Founded in 2017, **MID Vietnam (Make It Different)** is a pioneering enterprise in researching and developing intelligent monitoring solutions.

- ✓ **Mission:** Apply modern technology to help customers enhance their competitiveness.
- ✓ **Vision:** Pioneering the mastery of intelligent monitoring technology, shaping the future of Vietnam's transportation industry.
- ✓ **Core Values:** Reliability - Dedication - Innovation & Creativity.

# COMPREHENSIVE TRANSPORT SOLUTIONS

## Journey Monitoring Devices

5G GPS & M-GPS for commercial and personal vehicles.

## Driver Image Recording Devices

Compliant with QCVN 06/117/86 standards for road and inland waterway transport.

## Fuel & Temperature Control

Prevent fuel theft and monitor temperature in heat-sensitive environments.

## Logistics Management Platform

mLogistics & mCarental - optimizing operations for logistics and vehicle rental businesses

# MASTERING THE TECHNOLOGY VALUE CHAIN

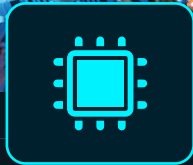

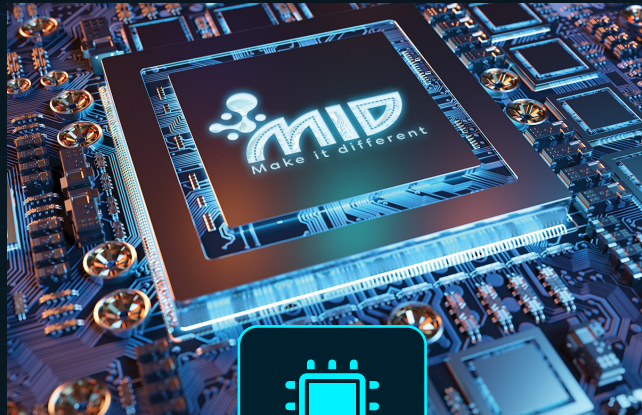

Differentiation through full control from R&D to production

- ✓ Owns a dedicated manufacturing plant with quality control processes certified to **ISO 9001:2015**.
- ✓ Full mastery from hardware design to customized software development.
- ✓ High compatibility and optimal performance in harsh environments.

# PIONEERING INTEGRATION OF NEW TECHNOLOGIES

MID Vietnam leads the trend in integrating advanced technologies

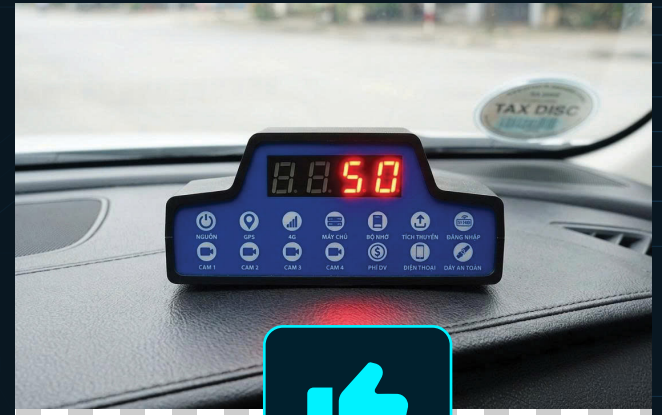

## eSIM Technology

First applied in Vietnam on dashcams and tracking devices, reducing signal loss from loose SIM slots by up to 80% for continuous, stable data transmission.

## Intelligent AI Camera

Detects driver behaviors (drowsiness, phone use, unfastened seatbelt) and supports ADAS. Helps businesses comply with Decree No.168/2024/ND-CP.

## Intelligent Warning Dashboard

Displays route-specific speed limits and alerts for continuous driving over 4 hours, enhancing safety and regulatory compliance.

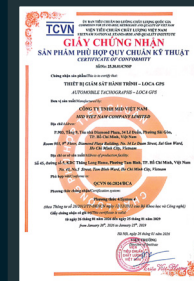

# ACHIEVING QUALITY STANDARDS – PIONEERING STEPS

- ✓ **Legal Compliance:** Fully updated and compliant with the 2024 Road Traffic Law and the latest Decrees.
- ✓ **Certified Equipment:** 100% of supplied devices meet mandatory technical conformity certification standards.
- ✓ **Optimized User Experience:** Intuitive, user-friendly Web/App interface that streamlines all management tasks.

## Certificates
